❧ TRIBUTE ❧

Late Mrs. Banubai Mohammad Ali Rangoonwala
(22/2/1923 – 30/6/2020)

Late Banubai M. A. Rangoonwala completed her studies up to graduation from Wilson College, Mumbai and obtained a Master's Degree in Technical Science from Manchester University, United Kingdom. **She was a woman of substance and a pioneer in the manufacture of personal care products.** She devoted her life to many philanthropic projects of Rangoonwala Foundation in the area of education, providing opportunities to needy and deserving students for their progress, without any discrimination of caste, creed, religion or gender. Her benevolence, progressive edge and desire to provide quality education have been her greatest contributions towards the growth and development of the vibrant Azam Campus. We lost our great friend, philosopher and guide. We pray to Almighty ALLAH from the bottom of our hearts to bestow upon the departed soul the highest place in the Jannat - ul - Firdaus.

PRESIDENTS' ADDRESS

At the turn of this decade, as we are witnessing a transformation like nothing seen before, it still gives me immense pleasure to sit back, ponder for a moment, reminisce the journey and laud the progress and success of all the institutes on this campus which have grown manifold over a relatively short span of 25 years. Of course, this was not a miracle, but a result of immense hard work, teamwork, solidarity, sharp minds, and intelligent foresight of M.C.E. Society.

It is with a great sense of pride that I present to you the Annual Report of Maharashtra Cosmopolitan Education Society for the financial year 2019-2020. Imparting quality education to weaker section of society through optimum utilization of excellent infra structural facilities has always been of intrinsic importance to us at Maharashtra Cosmopolitan Education Society.

Being a financially independent society since the last 30 years, we have witnessed an exponential growth in the statistics of the institutes which started with just 4 institutes in 1985, incorporating around 2000 students. Today we have become the focal point for the educational needs of more than 27,000 students across 35 institutions. Many of these students have received guidance and support to avail government and private scholarships, awards and financial assistance from our trusts for excelling in academics and sports.

We have also been responsible for creating an atmosphere of communal harmony and inclusivity on Azam Campus. Though we are a linguistic and religious minority organization, we have students and staff from diverse religious and cultural backgrounds.

Another highlight of all our institutions on the campus is the importance of learning soft skills and being tech savvy. We ensure that our students develop well rounded personalities with adequate importance given to co-curricular, extra- curricular activities and sports. Enhancing the employability skills of our students through vocational training is also our objective.

Last but not the least, I thank all the members of general body for their support and encouragement. I also appreciate the efforts of the infrastructure development and maintenance team of Azam Campus, which keeps all the systems working efficiently for a clean, green and environment friendly campus. I hope that with each passing year the growth of this campus is equally manifold and the quality of education imparted and imbibed remains our greatest strength.

PAI - ICT ACADEMY

M.C.E. Society established PAI I.C.T. Academy in 2007 to inculcate the E-Learning concept in the students particularly of Azam Campus from K.G. to P.G. level so that the students along with the teachers could effectively access digital information for resolving any problem of E-Teaching, E-Learning & E-Administration in today's world.

PAI ICT Academy has been continuously working towards upgrading the IT knowledge of the teachers & students studying in the campus and outside. This Academy carries out a number of special projects to achieve this goal.

Free Computer Literacy Programme :

Free Computer Literacy programme was started in the year 2011 – 12. The aim of this scheme was to provide the basic infrastructure and teaching, learning facilities required for computer education for the school children of std. I to VIII specially of Urdu medium, Primary & High Schools. Under this programme, P. A. Inamdar Computer Centres were set up not only at Azam Campus but also at 31 Municipal Corporation Urdu Primary Schools in Pune City. These centres were also set up at private schools in and around Pune City, as well as outside Pune at Ahmednagar, Aurangabad, Nashik, Junnar, Daund, Khed & Furs in Ratnagiri, Kudachi, Belgaum in Karnataka, Lonavala, Bhiwandi, Jogeshwari & Andheri (W) Mumbai, Shrirampur, Kolhapur, Goa and Azamgarh (U.P.).

Apart from the furniture fixture of computer room, complete computer set as per the students' strength, 2 DVRs & 2 Cameras & appointment of 2 to 4 computer instructors at each computer center with the internet facility were provided by PAI ICT Academy. The Internet bill & salary of the computer instructors and all other related expenses are being borne by the PAI ICT Academy.

NAMAZ - E - JUMA

Preparing students to lead Juma Namaz

There is a separate Central Deeniyat Department in the Campus. Muslim students of the Campus are imparted religious knowledge and Quran education, from this year an innovative programme was launched, under which capable students of our schools are prepared to lead Juma prayer (imamat), to deliver Juma sermons (khutba) in Arabic and also speeches in English and Urdu and also to give call for prayer (Azan). After completing their formal education they may become Doctors, Engineers, Professionals, Teachers and Politicians etc. These students with correct and sufficient knowledge of Islam will not go astray. Confidence created in them will make them capable of leading the ummah and the nation which is very essential in modern time.

A separate jamat is conducted every Friday especially for school students at Azam Masjid which is led by a student (imam and khatib). About 1000 students attend juma namaz. We hope the message will be spread across the country and other educational institutions also start this practice.

A Leader is Honest just and Courageous to
Convert Dreams into Reality

M. A. RANGOONWALA TALENT SEARCH & PROMOTION SCHEME

It was felt for a long time that the girls and boys of the Muslim Community though have potential to excel do not fare well in various competitive examinations due to lack of expert coaching, keeping this in view the scheme called Scholar Batch, was started at Azam Campus from 15th April' 1999.

The students are enrolled for the Std. XI and XII Science Board Examinations. They will also be prepared for the various competitive examinations e.g. NEET, JEE, MH-CET. The admission to Medical and Paramedical, Dental, Pharmacy, Architecture, I.I.T and many other courses are made on the basis of these competitive examinations held at State and National Level.

Merely scoring at XII examination is not sufficient to secure admissions to MBBS, BDS, BAMS, BHMS, BUMS and other Paramedical and Engineering courses. Keen competition requires not only knowledge skill but also self-confidence and positive attitude which makes a big difference. Overall development of the students is also our objective.

Hence, the establishment of the Scholar Batch which tries to cater to the intellectual needs of the students to provide them opportunities to formulate bright careers, to enhance their performance at the HSC examination.

The effect of these changes had is astounding. The Scholar Batch's passing percentage has always been 100%.

Enrolment during the year 2019-20 is as follows.

Std. XI - Science :	Boys - 24	Girls - 61	Total = 85
Std. XII - Science :	Boys - 27	Girls - 53	Total = 80

INTERDISCIPLINARY SCIENCE AND TECHNOLOGY RESEARCH ACADEMY

To inculcate research interest and to transfer knowledge among students and staff, the parent M.C.E. Society established an Incubation Centre named as Interdisciplinary Science and Technology Research Academy (ISTRA) by providing seed money of rupees forty lakhs during the year 2010-11. The grant was provided to ISTRA to create new research facilities such as, Advanced Biological Science Laboratory (ABSL), Tissue Culture Laboratory and sophisticated instruments. In ISTRA, staff and students from Chemistry, Microbiology, Biotechnology, Botany and Computer Science are involved. To increase the spectrum of interdisciplinary research areas, faculty members and students from Abeda Inamdar Senior College, Allana College of Pharmacy, M. A. Rangoonwala College of Dental Sciences and Research Centre and Unani Medical College, Azam Campus are also involved.

The participating students and faculty are updated regularly on new scientific research and instrumental advances through research seminars and talks by national and international experts.

Talk on ‘Research Funding Agencies’ by Dr. Subhash Padhye, Director, Advanced Scientific Research Laboratory on 13th January 2020

STUDENTS' ACHIEVEMENTS

The students who attended PhD training program in ISTRA on “Drug Delivery and Development”, had applied to various American Universities for Ph.D admission amongst whom two students got placed in USA for Higher studies. Ms. Manasi Kolutkar got admission in Kansas University Medical Centre, USA for Ph. D program and Ms. Preeti Sathe got admission in Northern State University, USA for Ph. D program.

ERP SYSTEM OF AZAM CAMPUS

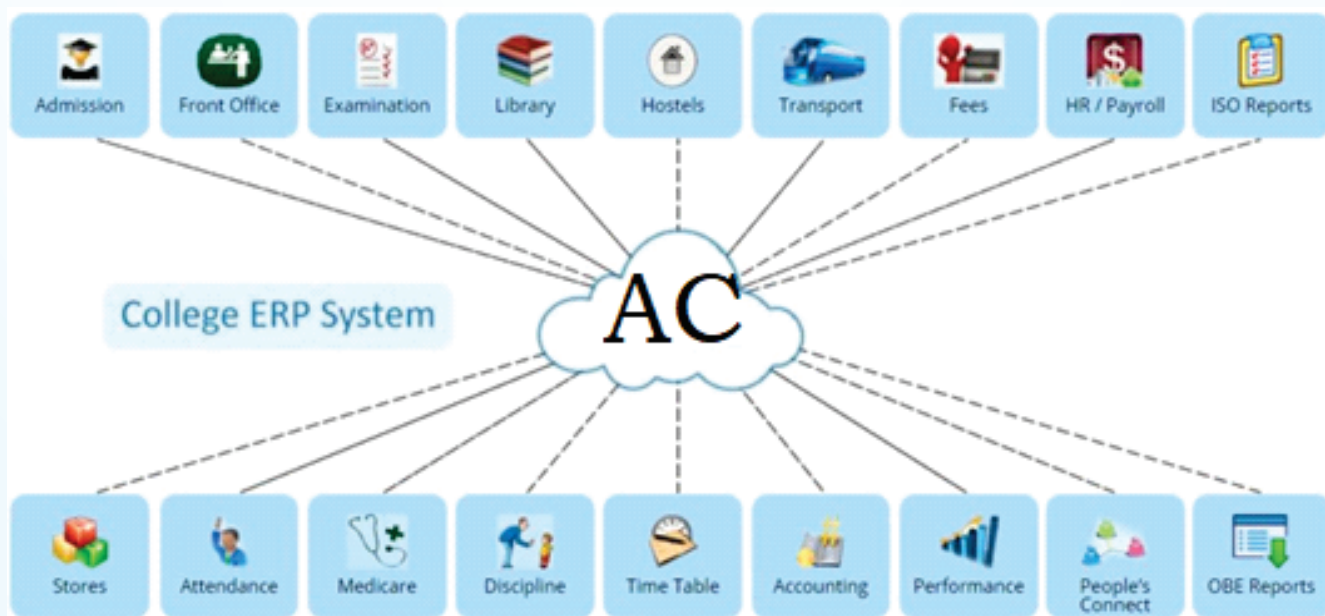

Enterprise Resource Planning (ERP) System

ERP for Educational Institutes plays an important role in managing processes like Fees Management, Financial Accounting, Library Management, Exams Management and Admission Management etc. in Educational Institutions.

ERP for Educational Institutes is designed to flow the information between each stock holder such as Students, Staff, Parents, Alumni and Management etc. This can be beneficial to increase transparency of institutional policies & student mobility and faster processing of documents. ERP software creates ease in the time & efficiency factor which is very important for the educational institutions.

Benefits of ERP for Educational Institutes :

- ▶ Automated Admissions process which consumes lesser time and applying online from service portal makes application process simpler for all the students and the parents.
- ▶ It helps in cost efficiency by managing the admission process, fees collection and documents.
- ▶ It also provides security for the data.
- ▶ It also provides the backup system to preserve the information from time to time.
- ▶ It also allows students to access the portal to pay for the courses and register for the new semesters. It manages records for each student, any department, staff or faculty on campus can find the information of student whenever they need.

Considering the benefits of ERP system, M.C.E. Society has decided to install and use ERP system in all its institution. Work has been done in most of our schools and colleges rest will be covered soon.

GREEN CAMPUS PROJECT

Implemented Throughout the Azam Campus

This initiative includes the development of our entire 24 acre Campus into a model of complete sustainability and a zone of ecological balance. We plan to achieve this by implementing the principles of sustainability on primarily three fronts, these being – Water, Energy and Solid Waste. The better management of these three elements is a great start towards setting an example for the rest of the world that ecological preservation and development can go hand in hand and are not mutually exclusive. We have achieved this on all three fronts by the implementation of various sustainable technologies such as Rainwater Harvesting, Solar Power Generation, Organic Waste conversion, LED lighting etc. The ecological balance is achieved by the development of an outdoor area of the campus through which a fresh water canal flows into a zone meant especially for environmental studies and its implementation at all levels, right from school to post graduate and doctoral studies. This aspect also includes the implantation of artificial nesting all throughout the Campus to foster the lost habitat for birds in our area. This is being carried out in the name of C.E.S.S. The details of these initiatives are given below :

1. Rainwater Harvesting
2. Solid Waste Management
3. Solar Power Panel (PV Panel) Installation
4. LED Conversion
5. C.E.S.S.

PAI MADRASA DEVELOPMENT SCHEME

At present Madrasa students are left out of mainstream education system and cannot pursue career in fields other than Islamic Studies, as they do not fulfill minimum prescribed educational qualifications. Not only that they also face difficulties in day to day life as they do not possess documents such as leaving certificate, educational certificate that are recognized by the Government.

To overcome this, M.C.E. Society has initiated a special scheme named as “PAI Madrasa Development Scheme” to guide and support madrasa students to register themselves for Std. X (S.S.C.) and Std. XII (H.S.C.) at NIOS study center at Azam Campus and pursue higher education and become an asset to the community and the nation. Mr. Nasir Khan (9922412033) is in-charge of the scheme and co-ordinating with madrasa.

During this year 77 Madrasa students appeared for std. X (S.S.C.), conducted by NIOS. Entire expenses of these madrasa students were borne by the M.C.E. Society.

DINING ETIQUETTE WORKSHOP

M.C.E Society's M.A. Rangoonwala Institute of Hotel Management and Research conducted one day workshops on “Dining Etiquettes” for the students studying in the schools and colleges in Azam Campus at its state of the art restaurants. Around 1050 were trained during the year 2019-2020.

The workshop mainly focused on educating the students on dining etiquettes and lifestyle management. Besides learning, how to sit and eat a meal in a formal dining set-up, students

were also taught about good eating habits, stress management and responsible behavior on social media. An excellent presentation, demonstration and practice sessions were organized. Arrangements were made to create actual ambience by setting up dining tables and providing refreshments. Students were given insights on the importance of nutrition and implementation of a healthy lifestyle with know-how on physical exercise.

The workshop was a refreshing and a new experience for many students and it changed the general perspective about fine dining. It also promoted 'Eat Right' movement of the Food Safety and Standards Authority of India. The students emerged as better-informed gentlemen and ladies who would not feel intimidated by all the technical and exquisite terms one needs to know about when they talk about fine dining.

SPECIAL COACHING PROGRAMME TO PREPARE SSC (ATKT) STUDENTS

The S.S.C. Board conducts supplementary S.S.C. Examination in July every year for the students who have failed in main examination conducted in March. If a student clears the subjects (ATKT) his admission to Std. XIth is continued and confirmed, thus saving his one year.

M.C.E. Society has introduced a scheme under which special coaching is imparted to such ATKT students to help them clear their backlog subjects. The coaching classes were conducted at Anglo Urdu Boys High School from 25th June to 13th July 2019, which was attended by 165 students from various schools in Pune namely Anglo Urdu Boys' High School, Anglo Urdu Girls' High School, M.C.E.S. English Medium School, Rafi Ahmed Kidwai School, Moledina High School, Lady Tahirunnisa Inamdar School and Dr. (Mrs.) N. D. Nagarwala School. Out of 165 ATKT students 115 students cleared SSC Examination in July 2019.

SKILL DEVELOPMENT CENTER

It is well said by an individual, “Education is more Important but Skill is the most Important”.

Taking into consideration the current education and job scenario, appropriate job-related skills complement a formal degree in any discipline, and increases career opportunities. The job industry too expects the prospective workforce to come prepared.

Learning a new skill will broaden the opportunities; at the same time empower one as an individual. Skill training not only provides skills in a particular area, but trains students to build and enhance networking, time management, communication skill.

For any type of job, besides technical skills, employers keenly look for a distinct kind of skill in their potential employees. Whatsoever role students may be looking forward to in the organization, possessing strong soft skills puts them a step ahead.

The society has been granted permission from Maharashtra State Skill Development Society under Pramod Mahajaan Kaushalya Vikas Udyogjakta Abhiyan to conduct the following courses:

- ▶ Accounts Assistance Using Tally
- ▶ DTP And Print Publishing Assistant
- ▶ Computer Hardware Assistant
- ▶ Computer Network Assistant
